**Individual Section Quantity:**

5

**Switch Contact Basic Design:**

Nonpile-up symmetrical

**Mounting Method:**

Flange single mounting facility

**Switch Actuator Indexing Position Quantity:**

12 single actuator

**Switch Actuator Positioning Increment:**

30.0 degrees single actuator

**Special Features:**

Interrupter wafer and contactor connected to solenoid located on front of switch

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A052b0
