Individual Section Quantity:

1

Operating Temperature Range:

-20.0/+150.0 degrees fahrenheit

Switch Contact Basic Design:

Nonpile-up nonsymmetrical

Contact Voltage Rating In Volts:

600.0 highest ac voltage rating at sea level

Terminal Type:

Screw

Contact Switching Action:

Makes before breaks single section rear

Contact Load Current Rating:

6.0 amperes resistive load lowest ac voltage rating at sea level

Precious Material And Location:

Contacts silver

Precious Material:

Silver

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A052b0
