|--------------------------------------------------------------------------|
| Thread Class:                                                            |
| 2b single mounting facility                                              |
| Hazardous Locations/environmental Protection:                            |
| Dustproof                                                                |
| Overall Length:                                                          |
| 2.984 inches                                                             |
| Overall Height:                                                          |
| 2.500 inches                                                             |
| Overall Width:                                                           |
| 1.500 inches                                                             |
| First Flat Length:                                                       |
| 0.750 inches single actuator                                             |
| Flat Height:                                                             |
| 0.219 inches single actuator                                             |
| Shaft Diameter:                                                          |
| 0.250 inches single actuator                                             |
| Shaft Length:                                                            |
| 1.000 inches single actuator                                             |
| Individual Section Quantity:                                             |
| 5                                                                        |
| Switch Contact Basic Design:                                             |
| Nonpile-up symmetrical                                                   |
| Pole Quantity:                                                           |
| 1 each section rear                                                      |
| Throw Quantity:                                                          |
| 3 each section rear                                                      |
| Mounting Facility Circle Radius:                                         |
| 1.156 inches single mounting facility                                    |
| Mounting Method:                                                         |
| Base single mounting facility and threaded hole single mounting facility |
| Features Provided:                                                       |
| Actuator knob                                                            |
| Thready Qty Per Inch (tpi):                                              |
| 24 single mounting facility                                              |
|                                                                          |
| Thread Size:                                                             |
| 0.190 inches single mounting facility                                    |
|                                                                          |

**Mounting Facility Pattern:** 

Four position circular single mounting facility

**Switch Actuator Indexing Position Quantity:** 

3 single actuator
