End Application:

Mhu-174/e

Special Features:

Switch, sensitive; single pole double throw, 120v ac maximum volt rating, 15 amps ac maximum contact load current load; 2.750 in c to c distance between mtg facilities parallel to the lg, 2.500 in c to c distance between mtg facilities parallel to h, 3.660 in body lg; 1 switch actuator, 3.812 actuator lg, 0.625 actuator w; controlled source, honeywell inc, p/n exar

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
