**Body Style:**

Hole mount

**Actuator Style:**

Round

**Actuator Position-action Relationship:**

Up position maintained and down position maintained and center position maintained

**Maximum Voltage Rating In Volts:**

32.0 dc

**Inclosure Type:**

Fully enclosed

**Nonpile-up Contact Arrangement:**

1 pole, double throw, both positions maintained single switch unit

**Contact Load Current Rating At Maximum Rated Voltage:**

20.000 amperes resistive dc

**Terminal Type And Quantity:**

3 tab w/screw

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A053a0
