Body Style:

W/ front operator

Overall Length:

6.375 inches

Center To Center Distance Between Mounting Facilities Parallel To Length:

5.250 inches

Center To Center Distance Between Mounting Facilities Parallel To Width:

2.250 inches

Overall Height:

4.000 inches

Overall Width:

3.000 inches

Body Length:

4.625 inches

Body Width:

3.000 inches

Body Height:

4.000 inches

Actuator Style:

Cast/stamped

Maximum Voltage Rating In Volts:

277.0 ac

End Application:

Lgm-25c mpts

Mounting Method:

Panel

Nonpile-up Contact Arrangement:

1 pole, single throw, both positions maintained single switch unit

Contact Load Current Rating At Maximum Rated Voltage:

20.000 amperes resistive ac

Special Features:

Two mtg holes diagonally spaced

Terminal Type And Quantity:

2 screw

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A053a0
