Switch Contact Basic Design:

Nonpile-up nonsymmetrical

Features Provided:

Actuator knob and legend plate and push to turn

Contact Voltage Rating In Volts:

250.0 highest ac voltage rating at sea level

Switch Actuator Indexing Position Quantity:

5 single actuator

Contact Load Current Rating:

10.0 amperes resistive load lowest ac voltage rating at sea level

Special Features:

Legend plate reads push to start; low; perm press; normal; high heat

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A052b0
