Overall Length:

2.990 inches

Overall Height:

1.250 inches

Overall Width:

1.500 inches

Unthreaded Mounting Hole Diameter:

1.210 inches single mounting facility

Individual Section Quantity:

4

Switch Contact Basic Design:

Nonpile-up symmetrical

Mounting Method:

Unthreaded hole single mounting facility

Features Provided:

Push to turn

Contact Voltage Rating In Volts:

600.0 ac at sea level

Switch Actuator Indexing Position Quantity:

3 single actuator

Terminal Type:

Screw

Switch Actuator Stop Device Type:

Fixed stop single actuator

Contact Load Current Rating:

5.0 amperes motor load dc at sea level

Style Designator:

In-line, cam actuated

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A052b0
