Hazardous Locations/environmental Protection:

Watertight

Pressure Switch Type:

Gage

Mounting Method:

Base and slot

Features Provided:

Electrical access port

Contact Action Stimulus:

Increase

Proof Pressure:

50.00 pounds per square inch gage

Terminal Type:

Wire lead

Contact Adjustability:

Deactuation point not adjustable, manual reset and actuation point adjustable

Contact Adjustment Range:

+0.00/+30.00 actuation point inches of mercury

Contact Adjustment Type:

External actuation point hex nut with scale

Contact Stimulus Rating:

1.20 differential point inches of mercury

Media For Which Designed:

Gas or liquid

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:
