Overall Length:

7.812 inches

Overall Height:

5.000 inches

Overall Width:

2.938 inches

Unthreaded Mounting Hole Diameter:

0.250 inches single mounting facility

Individual Section Quantity:

3

End Application:

Used as the ammeter switch aboard 180 ft class coast guard vessels

Switch Contact Basic Design:

Nonpile-up nonsymmetrical

Mounting Method:

Unthreaded hole single mounting facility

Cubic Measure:

114.758 cubic inches

Contact Voltage Rating In Volts:

600.0 ac at sea level

Switch Actuator Indexing Position Quantity:

3 single actuator

Terminal Type:

Tab w/screw

Contact Load Current Rating:

20.0 amperes resistive load ac at sea level

Style Designator:

In-line, cam actuated

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A052b0
