Overall Length:

6.500 inches

Overall Height:

5.000 inches

Overall Width:

4.500 inches

Individual Section Quantity:

2

Switch Contact Basic Design:

Nonpile-up symmetrical

Mounting Method:

Base single mounting facility

Contact Voltage Rating In Volts:

250.0 ac at sea level

Switch Actuator Indexing Position Quantity:

6 single actuator

Terminal Type:

Wire loop

Contact Load Current Rating:

4.0 amperes resistive load ac at sea level

Style Designator:

Tap, square frame

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A052b0
