| Hazardous I    | Locations/environmental Protection:                                    |
|----------------|--|
| Watertight     |  |
| Case Materi    | al:  |
| Plastic        |  |
| Actuator Ins   | scription:   |
| Reverse sing   | gle actuator   |
| Maximum V      | oltage Rating In Volts:  |
| 440.0 ac and   | l 355.0 dc   |
| Inclosure Ty   | /pe:   |
| Hermetically   | sealed   |
| Nonpile-up     | Contact Arrangement:   |
| 1 two circuit, | double break/double make, both positions maintained single switch unit |
| Contact Loa    | d Current Rating At Maximum Rated Voltage:                             |
| 500.000 milli  | amperes inductive dc and 50.000 amperes inductive ac                   |
| Terminal Ty    | pe And Quantity:   |
| 4 tab, solder  | · lug  |
| Shelf Life:    |  |
| N/a            |  |
| Unit Of Mea    | sure:  |
|                |  |
| Demilitariza   | tion:  |
| No             |  |
| Fiig:          |  |
|                |  |
