Inclosure Material:

Plastic

Overall Length:

1.860 inches

Overall Height:

3.249 inches

Overall Width:

1.310 inches

Environmental Protection:

Corrosion resistant

Switch Type:

Sensitive

Inclosure Type:

Fully enclosed

Controlling Agency:

Eaton corporation ail div

Identifying Number:

420695-1 part no.

Individual Switch Quantity:

6

Special Features:

Bat handle actuator

Precious Material And Location:

Contacts gold

Precious Material:

Gold

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T142-e
