Pressure Switch Type:
Differential
Mounting Method:
Threaded hole
Terminal Type:
Screw
Contact Load Current Rating:
5.0 amperes resistive load single voltage
Contact Voltage Rating In Volts:
115.0 ac at sea level single voltage
Special Features:
Visual indicating pressure; two independent switches and adjustments
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A048b0
