Overall Length:

5.750 inches

Overall Height:

10.812 inches

Overall Width:

3.000 inches

Pressure Switch Type:

Gage

Contact Action Stimulus:

Increase

Proof Pressure:

3600.00 pounds per square inch

Criticality Code Justification:

Zzzy

Reference Number Differentiating Characteristics:

Material will be in accordance with ships parts control center activity hx quality control, manufacturing and testing specifications

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A048b0
