Overall Length:

29.064 inches

Ac Voltage Rating:

450.0 volts

Overall Diameter:

5.560 inches

Actuation Method:

Buoyancy

Electrical Connection Type:

Connector receptacle

Internal Battery Accommodation:

Not included

Float Quantity:

1

Operating Temperature Rating:

50.0 degrees fahrenheit

Mounting Method:

Flange

Mounting Position:

Vertical

Relay:

Not included

Liquid Type For Which Designed:

Water

Mounting Dimensions:

6 self locking nuts spaced equally on a 4.440 in. Bolt circle; mounting holes 0.560 in. Dia

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T109-d
