Body Length:

4.800 inches

Body Width:

1.800 inches

End Application:

5895-01-186-3228 hv switching module

Mounting Configuration:

Three 0.269 in. Diameter mounting holes along both edges spaced 2.100 in. Apart from ctr to ctr

Special Features:

Six mounting studs

Material:

Aluminum alloy

Material:

Aluminum alloy

Surface Treatment:

Anodize

Surface Treatment:

Anodized

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T23700
