**Hazardous Locations/environmental Protection:**

Watertight and oiltight

**Individual Section Quantity:**

1

**Switch Contact Basic Design:**

Nonpile-up nonsymmetrical

**Mounting Method:**

Threaded bushing single mounting facility

**Features Provided:**

Actuator knob

**Switch Actuator Indexing Position Quantity:**

2 single actuator

**Terminal Type:**

Tab w/screw

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A052b0
