Overall Length:

3.250 inches

Overall Height:

1.260 inches

Overall Width:

1.262 inches

Accommodated Item Securing Device Type:

Clamp

Mounting Facility Type And Quantity:

1 flange single mounting facility

Features Provided:

Grommet and gasket

Special Features:

Emi shielding

Material:

Aluminum alloy

Material Specification:

Qq-a-200/9 federal specification all material responses or qq-a-250/11 federal specification all material responses

Style Designator:

Irregular

Specification Data:

53711-5551239-1 manufacturers source control

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A062a0
