Overall Length:

4.500 inches

Overall Height:

2.500 inches

Overall Width:

3.000 inches

Dc Voltage Rating:

12.0 volts

Actuation Method:

Buoyancy

Electrical Connection Type:

Cable

Internal Battery Accommodation:

Not included

Current Rating At Maximum Rated Voltage:

15.0 amperes load

Voltage Rating At Maximum Rated Current:

12.0 volts

Float Quantity:

1

Mounting Position:

Horizontal

Maximum Current Rating:

15.0 amperes load

Relay:

Not included

Liquid Type For Which Designed:

Water

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T109-d
