Body Style:

With side operator

Overall Length:

37.000 inches

Overall Width:

12.500 inches

Body Length:

37.000 inches

Body Height:

5.000 inches

Actuator Style:

Cast/stamped

Maximum Voltage Rating In Volts:

240.0 ac

Nonpile-up Contact Arrangement:

3 pole, double throw, both positions maintained single switch unit

Contact Load Current Rating At Maximum Rated Voltage:

100.000 amperes resistive ac

Special Features:

Fusible; includes cover interlock

Terminal Type And Quantity:

9 screw

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A053a0
