**Overall Length:**

2.376 inches

**Overall Height:**

2.250 inches

**Overall Width:**

2.250 inches

**Shaft Diameter:**

0.250 inches single actuator

**Shaft Length:**

0.938 inches single actuator

**Distance Between Mounting Facility Centers:**

1.500 inches single mounting facility

**Individual Section Quantity:**

1

**Pole Quantity:**

1 single section rear

**Mounting Method:**

Threaded hole single mounting facility

**Mounting Facility Pattern:**

Two position in-line single mounting facility

**Switch Actuator Indexing Position Quantity:**

34 single actuator

**Shaft Type:**

Round single actuator

**Terminal Type:**

Turret

**Switch Actuator Positioning Increment:**

10.0 degrees single actuator

**Style Designator:**

Tap, square frame

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A052b0
