Operating Temperature Rating:

Between -25.0 degrees fahrenheit and 110.0 degrees fahrenheit

Mounting Method:

Threaded stud

Thread Size:

1.000 inches second threaded hole

Terminal Type:

Wire lead

Special Features:

Switch is adj from 0.75 to 6.0 gpm w/ a screwdriver; switch is reed type, single pole, double throw, 20 va; oper pressure 300 psig; lead wires no. 18awg, 30.0 in. Lg; construct so ext. And int. Will not be affected by ethylene glycol and sulfamic acid; 3.25 in.Lg; 1.78 in. W

Media For Which Designed:

Liquid

Thread Series Designator:

Npt second threaded hole

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A048b0
