Hazardous Lo	cations/environmental Protection:
Watertight	
Actuator Style	o:
Round, flush	
Actuator Colo	r:
White single ac	etuator
Maximum Volt	tage Rating In Volts:
440.0 ac and 3	55.0 dc
Inclosure Type	e:
Fully enclosed	
Nonpile-up Co	ontact Arrangement:
1 two circuit, d	ouble break/double make, both positions maintained single switch unit
Contact Load	Current Rating At Maximum Rated Voltage:
500.000 milliam	nperes inductive dc and 50.000 amperes inductive ac
Terminal Type	And Quantity:
4 screw	
Shelf Life:	
N/a	
Unit Of Measu	re:
Demilitarizatio	on:
No	
Fiig:	
g.
