·
Thread Class:
3a single pressure connection
Tempurature Sensing Element Type:
Internal sensor
Operating Tempurature Rating:
Between -80.0 degrees fahrenheit and 500.0 degrees fahrenheit
Mounting Method:
Threaded bushing
Thready Qty Per Inch (tpi):
16 single pressure connection
Thread Size:
0.750 inches single pressure connection
Terminal Type:
Wire lead
Style Designator:
Cylindrical
Thread Series Designator:
Unf single pressure connection
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A048b0
