End Application:

As-3572/spy-1b, antenna, cg59t64

Operating Temperature Rating:

Between 67.0 degrees fahrenheit and 79.0 degrees fahrenheit

Features Provided:

Hermetically sealed case

Contact Load Current Rating:

5.0 amperes resistive load first voltage and 2.5 amperes inductive load first voltage and 1.0 amperes lamp load first voltage

Media For Which Designed:

Gas or liquid

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A048b0
