Actuator Color:

Natural single actuator

Actuator Inscription:

Test single actuator

Maximum Voltage Rating In Volts:

250.0 ac

Nonpile-up Contact Arrangement:

2 pole, double throw, both positions maintained single switch unit

Contact Load Current Rating At Maximum Rated Voltage:

10.000 amperes resistive ac

Extra Long Reference Number:

9m-1129312467506907185-9012test set/on

Reference Number Differentiating Characteristics:

As differentiated by extra-long reference no

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A053a0
