Overall Length:

3.000 inches

Overall Height:

2.235 inches

Overall Width:

1.709 inches

Individual Section Quantity:

3

End Application:

Amcm an/aqs-14 material support unit

Actuator Type:

Thumbwheel all actuators

Special Features:

Lamps and lamp filters-clear, rated electrical load shall be 28 vac or 28 vdc at 125 milliamperes (atmospheric), black with white numbers, nonglare matte black case

Style Designator:

Rectangular inline indicating

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A052b0
