Contact Voltage Rating In Volts:

125.0 highest ac voltage rating at sea level

Criticality Code Justification:

Zzzw

Contact Load Current Rating:

10.0 amperes resistive load ac at sea level

Departure From Cited Document:

Material will be in accordance with ships parts control center activity hx quality control, manufacturing and testing specifications

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A052b0
