Individual Section Quantity:

1

End Application:

F-15 eagle aircraft. Cryogenic systems.

Switch Contact Basic Design:

Nonpile-up nonsymmetrical

Pole Quantity:

1 single section front

Throw Quantity:

2 single section front

Switch Actuator Momentary Position:

Clockwise single actuator

Criticality Code Justification:

Feat

Special Features:

Wepon system essential. Features - illuminated actuator color is green.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:
