**Individual Section Quantity:**

1

**Switch Contact Basic Design:**

Nonpile-up nonsymmetrical

**Mounting Method:**

Bracket single mounting facility and unthreaded hole single mounting facility

**Features Provided:**

Actuator knob

**Switch Actuator Indexing Position Quantity:**

2 single actuator

**Terminal Type:**

Screw

**Switch Actuator Positioning Increment:**

45.0 degrees single actuator

**Switch Actuator Stop Device Type:**

Fixed stop single actuator

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**
