Individual Section Quantity:

1

Switch Contact Basic Design:

Nonpile-up nonsymmetrical

Mounting Method:

Bracket single mounting facility and unthreaded hole single mounting facility

Features Provided:

Actuator knob

Switch Actuator Indexing Position Quantity:

2 single actuator

Terminal Type:

Screw

Switch Actuator Positioning Increment:

45.0 degrees single actuator

Switch Actuator Stop Device Type:

Fixed stop single actuator

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:
