Overall Length:

3.550 inches

Overall Width:

1.210 inches

Operating Temperature Range:

-20.0/+70.0 degrees celsius

End Application:

Adats and skyguard radar iff s.E.

Special Features:

Nonswitching load 2 amps max; oper force 4 to 8 oz.; 100 milliohms contact resistance

Style Designator:

Rectangular inline indicating

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A052b0
