Body Style:

Bushing mount

Bushing Length:

0.560 inches

Body Length:

1.120 inches

Body Width:

0.630 inches

Body Height:

0.650 inches

Actuator Style:

Round

Actuator Height:

0.560 inches

Actuator Position-action Relationship:

Up position maintained and down position maintained

End Application:

2320-01-354-4528truck, wrecker

Inclosure Type:

Fully enclosed

Mounting Method:

Threaded bushing

Nonpile-up Contact Arrangement:

1 pole, double throw, both positions maintained single switch unit

Special Features:

Wire leads are 3 in. Lg

Terminal Type And Quantity:

3 wire lead

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A053a0
