Body Style:

Hole mount

Maximum Voltage Rating In Volts:

125.0 ac

End Application:

4940-01-333-8470shop equipment, contact maintenance

Inclosure Type:

Fully enclosed

Contact Load Current Rating At Maximum Rated Voltage:

6.000 amperes resistive dc

Special Features:

Includes cover and actuator

Specification Data:

59678-11b254102 government specification

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A053a0
