Overall Length:

5.688 inches

Overall Width:

3.125 inches

Body Height:

2.125 inches

Tempurature Sensing Element Type:

Mercury

Contact Voltage Rating In Volts:

240.0 ac at sea level single voltage

Special Features:

Multi stage thermostat controls 2 or 3 circuits in sequence; removable setting knob

Media For Which Designed:

Gas

Style Designator:

Rectangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A048b0
