Dust And Moisture Seal Boot - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/5930-01-447-4126

## **Overall Height:**

1.770 inches

## **Overall Width:**

1.660 inches

# Material Thickness:

0.040 inches

#### **Body Height:**

1.000 inches

End Application:

Oliver perry class ffg; tarawa class lha

# **Opening Inside Diameter:**

0.240 inches

#### **Special Features:**

Heat shrinkable, dimensions are after unrestricted recovery

#### Material:

Plastic polyolefin body

# Material Specification:

Sae as81765/1, type 1 assn standard single material response body

Shelf Life:

N/a

Unit Of Measure:

---

#### Demilitarization:

No

#### Fiig:

A02000
