Pressure Switch Type:

Differential

Special Features:

Ctype 400 watertight enclosure meets nema 3.4.4x and 13 requirements, narrow deadband ac, 15a 125/250 vac, code and material b-buna-n, process temperature limits 0 to 150 degree fahrenheit, range 60 psid, 4.0 kg/cm², 400 kpa, pressure ratings: static working pressure 500, proof psi 2000, epoxy coated aluminum closure for corrosion resistance; accessible adjustment for switch setting, vibration resistant feature, 3/4 npt electrical connection

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A048b0
