Individual Section Quantity:

4

End Application:

Kdc-10 aircraft

Switch Actuator Indexing Position Quantity:

10 single actuator

Switch Actuator Positioning Increment:

36.0 degrees single actuator

Special Features:

One pull per deck; special order part; manufacturers name: 10 position, 36 degree index, rotary switch

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A052b0
