Overall Length:

4.000 inches

Overall Height:

0.250 inches

Overall Width:

3.000 inches

Unthreaded Mounting Hole Diameter:

0.281 inches all mounting facilities

End Application:

Seawolf class ssn torpedo tube; level 1/subsafe

Mounting Facility Type And Quantity:

4 unthreaded hole all mounting facilities

Special Features:

2 holes 1.06 in dia

Material:

Nickel alloy

Material Specification:

Qq-n-286, form 2, cond al, ah fin a/b federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A062a0
