Body Style:

Panel mount

Overall Length:

1.133 inches

Overall Height:

1.760 inches

Overall Width:

0.745 inches

Body Length:

1.133 inches

Body Width:

0.745 inches

Body Height:

1.400 inches

Case Material:

Plastic

Maximum Voltage Rating In Volts:

28.0 ac

End Application:

Ann/aar-44sim

Inclosure Type:

Fully enclosed

Mounting Method:

Panel

Nonpile-up Contact Arrangement:

2 pole, single throw, both positions maintained single switch unit

Contact Load Current Rating At Maximum Rated Voltage:

10.000 amperes resistive ac

Special Features:

2-pole, single-throw; normally-open; form x; alt. Action

Terminal Type And Quantity:

4 quick disconnect, male

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A053a0
