End Application:

Mark 105 moch1 rectifier

Mounting Method:

Bracket

Contact Action Stimulus:

Increase

Nonpile-up Contact Arrangement:

1 pole, single throw, both positions maintained

Terminal Type:

Connector, plug

Contact Load Current Rating:

1.0 amperes inductive load single voltage

Contact Adjustability:

Actuation point adjustable, preset

Contact Voltage Rating In Volts:

115.0 ac at sea level single voltage

Media For Which Designed:

Gas

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A048b0
