Body Style:

Bushing mounted

Body Diameter:

0.510 inches

Bushing Length:

0.690 inches

Body Length:

0.650 inches

Actuator Style:

Round

Actuator Diameter:

Between 0.123 inches and 0.126 inches

Actuator Height:

0.378 inches

Maximum Voltage Rating In Volts:

115.0 ac

End Application:

Type 18 adbf

Inclosure Type:

Hermetically sealed

Mounting Method:

Threaded stud

Switch Release Force:

12.0 inch-ounces

Switch Actuating Force:

12.0 inch-ounces

Actuator Movement:

30.0 differential degrees

Contact Load Current Rating At Maximum Rated Voltage:

8.000 amperes resistive dc

Terminal Type And Quantity:

2 screw

Specification Data:

96906-13231 government standard

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A053a0
