**End Application:**

Fixture assembly holding interface device niin 33-004-1736

**Pressure Switch Type:**

Differential

**Contact Action Stimulus:**

Increase

**Criticality Code Justification:**

Agav

**Product Name:**

(inavy)pressure sensor, aircraft

**Special Features:**

2ports; straight tubes for 1/8inch id tubing/gasket/o-ring; op temp-40degc to 120degc; op press 0.05inch h2o through 550inch h2o; contact resist 5milliohm max; burst press 25psig; life cycle 100000000 cycles

**Media For Which Designed:**

Liquid

**Style Designator:**

Rectangular w/bracket

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A048b0
