Overall Length:

1.120 inches

Overall Height:

0.880 inches

Overall Width:

1.200 inches

Unthreaded Mounting Hole Diameter:

0.516 inches

End Application:

Nha - engine control panel assembly; power plant, electric; special aircraft & engine tool & support equipment

Mounting Method:

Unthreaded hole

Criticality Code Justification:

Agav

Special Features:

Thickness - 0.063 inches

Material:

Aluminum alloy

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A503g0
