Mounting Method:

Side

Environmental Protection:

Moisture proof

Switch Type:

Rotary

End Application:

Nimitz class cvn

Inclosure Type:

Fully enclosed

Individual Switch Quantity:

4

Special Features:

Ambient temp 50 degrees cel, class b insulation, pos 1/3/4 open, pos 2 closed

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T142-e
