Overall Length:

29.000 inches

Overall Height:

0.500 inches

Overall Width:

1.000 inches

End Application:

An/spn-43c fc4; lower halyard sensor cv63

Accessory Components And Quantity:

Lead wire 24 inch long, 18 awg svt-2 conductor

Voltage In Volts And Current Type:

24.0 ac/dc

Special Features:

Sensitivi type 3 to 5 lbs; service temperature 400 degree f; molded urethane half round configuration

Color:

Black

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23900
