Temperature Sensing Element Type:

Capillary tube-bulb

Contact Load Current Rating:

22.0 amperes resistive load single voltage

Contact Voltage Rating In Volts:

120.0 ac at sea level single voltage

Special Features:

Set point range minus 30.0 degrees f to plus 100.0 degrees f; differential temperature 3.0 degrees f to 12.0 degrees f; switching action single pole double throw; voltage 120-277 vac

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A048b0
