**Temperature Sensing Element Type:**

Capillary tube-bulb

**Contact Load Current Rating:**

22.0 amperes resistive load single voltage

**Contact Voltage Rating In Volts:**

120.0 ac at sea level single voltage

**Special Features:**

Set point range minus 30.0 degrees f to plus 100.0 degrees f; differential temperature 3.0 degrees f to 12.0 degrees f; switching action single pole double throw; voltage 120-277 vac

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A048b0
