Overall Length:

5.750 inches

Overall Height:

3.500 inches

Overall Width:

4.875 inches

End Application:

B-2 bomber, aircraft atb

Pressure Switch Type:

Differential

Mounting Method:

Base and plug-in

Contact Action Stimulus:

Decrease

Terminal Type:

Screw

Contact Adjustability:

Actuation point adjustable

Special Features:

Series 1950, integral explosion proof pressure switch

Media For Which Designed:

Gas or liquid

Style Designator:

Cylindrical

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A048b0
